Hurray! It's the 200th Edition of the E-Newsletter

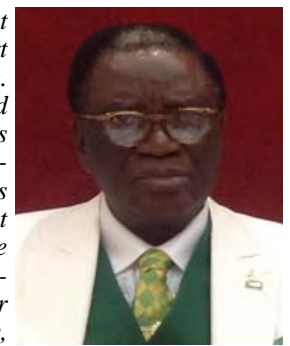

July 5th 2007, is the date the 1st Edition of the Nigerian Society of Engineers Port Harcourt Branch E-Newsletter was published. Several national and international articles and interviews were published in past editions. More than 150 revered personalities (engineers and non engineers) within and out the shores of Nigeria have been interviewed by the E-Newsletter team. Some of these interviews were conducted outside Nigeria. Below are some reactions that has trailed the attainment of the 200th Edition:

The PH Branch E-Newsletter is a Trail Blazer. Your consistency even to arriving at this 200th Edition is a record in NSE. The Newsletter has been refreshing, entertaining and educating. May I suggest that, the whole of the 200 Editions be put together bounded as Volume 1. I will be glad to present it to our members and our External Public during my visit to PH Branch in due course. Hearty Congratulations.
