MAY 24, 2014

Interview with Engr. Nze Lawrence Umez-Eronini, FNSE, on NSE Fellowship

Engr. Nze Lawrence Umez-Eronini, FNSE, is presently the Chairman Board of Fellows of the Nigerian Society of Engineers.

E-Newsletter: *As the new Chairman of Board of Fellows, do you intend to bring in some innovations?*

Engr. Nze: Yes. Right now we have instituted a pre-screening committee, so that before applications actually get to the table of the board, a few of the members of the board would have pre-screened all those applications. So we are not leaving it only to the secretariat. Also, during confer-

Engr. N. L. Umez-Eronini FNSE

ment of fellowship, we have noticed that citations are really too long and we have decided on ways to make citations brief. Additionally we are seeking council approval to have a band of orators for the Nigerian Society of Engineers. People who have good diction that will read citations to the satisfaction of everybody at our ceremonies. These are some of the new things we want to institute. We also want to look into having a body of Fellows of the Nigerian Society of Engineers and charge them to be more proactive, not to relax after receiving fellowship and then we don't see them again. We believe that this is a body of Fellows that have a lot of resources that NSE can tap from. So we want to bring them together, to contribute in developing NSE and also to mentor the younger ones. As we go on there are various new things we will bring to NSE.

E-Newsletter: *Thank you sir.*

INSTITUTE OF APPRAISERS & COST ENGINEERS

A DIVISION OF THE NIGERIAN SOCIETY OF ENGINEERS
Member, International Cost Engineering Council

Spouses: N3, 000 for the dinner.

The Local Multi-stakeholders Advisory Group (LMAG) of the Nigeria Internet Governance Forum is organizing a two (2) day Nigeria Internet Governance Forum (NIGF) 2014.

Venue: MUSON Center, Onikan Lagos.

Date: June 9th – 10th, 2014.

Time: 9:00am

The first day is devoted to the Youths as a pre-event. The objective of the NIGF 2014 is focused on engaging multi-stakeholder's nature of the Forum to harness and aggregate productive ideas, best practices and experiences towards facilitating an all inclusive framework for internet governance in Nigeria that will actively stimulate economic growth.

The Forum is expected to achieve the following Outcomes:

- Enable consensus building among stakeholders on framework for Internet governance in Nigeria.
- Address the nation's most critical and evolving issues on Internet governance.
- Advancing the nation's position at the Regional and Global Internet Governance Forum.

For more details and to register for the event visit <http://www.nigf.org.ng/>

Registration and participation is FREE.
